## BEISEKER GATHERING HEARS ACME SCHOOL PRINCIPAL

BEISEKER.— On Monday evening, November 27th the Social Committee of the Columbus Club under the chairmanship of Raymond Schmaltz held a very successful social evening in the Memorial Hall.

A splendid address was given by Mr. R. A. Ward, principal of the Acme School, on the "Psychology of Education," in which he recalled many instances in his teaching experience to verify the facts that he wished to emphasize in his talk. This was followed by several movie films by Mr. L. L. Schmaltz, illustrating many local scenes, where a goodly number of the audience could see themselves on the screen. Fr. Tennant then gave a short talk, thanking Mr. Ward and Mr. Schmaltz for their splendid contribution toward the educational part of the evening, and then he spoke briefly concerning prizes that he was giving for dancing as a means probably of creating more fun in family groups, which is so needed today, possibly due to the trend of the modern world, so that it seems hard to keep the family together.

The prizes given for dancing were judged by several men who either had no family ties or were unbiased as to the winners. The winners were as follows: Husband and wife, Mr. and Mrs. Anton Krenzler; father and daughter, Mr. Felix Hagel and Margaret Hagel; mother and son, Mrs. John Mayer and Johnny Mayer; brother and sister, Mr. Baltzer Silbernagel and Mrs. William Schwengler; grandparent and grandchild, Mrs. Matt Schmaltz and Freddie Lyczewski. The latter contestants were the only ones who tripped the light fantastic without any opposition, but possibly another time, Mr. and Mrs. Anton Hagel, Mr. and Mrs. George Schmaltz, and possibly some others will stay and join in the fun for old and young. It is hoped that many more of these get-togethers will be held during the winter season.

## Catholic Women Hold Meeting

BEISEKER — The Catholic Women's League held their regular monthly meeting in the Memorial Hall last week, with a very good turnout in spite of it being a cold night.

Final plans were decided on for the Christmas party for the children of the parish on Sunday, Dec. 17.

Ladies of the parish are also asked to keep in mind the Christmas parcel for the Creche which is sent away after this party. Your donation may consist of clothing or candy, etc.

It was decided to hold a series of card parties during the winter season with the first to be held sometime in January.

Mrs. Pete Hagel, a former member, was a visitor at our meeting.

Mrs. Frank Schmaltz was the lucky winner of the pool that evening.

## New Leader of Ontario Young Liberals

Ontario Liberals met in convention recently, the younger section of the political association did some electing on their own. They came up with Bruce McCullough of Kitchener, seen with Mrs. Vernon Singer, as the new president of the Ontario Young Liberal association.

A small group went over to celebrate Charlie Lohrke's birthday even it it was a day late, and to have a game of bridge. Weiserger and Tidy started out very strong, but toward the end of the session, Pete Schmaltz and our honored friend were away ahead of the game. If Charlie Lohrke's luck all year is as good as it was that night he will be hard to beat, because he sure played his cards and just when he needed the points.

The following were seen on 8th ave. last Thursday: Leo Schmaltz, Peter Schmaltz, Bert Day, Mrs. Frank J. Schmaltz, Mrs. Carl L. Schmaltz, John Leiske, Sam Leiske, Eddy Hagel, L. L. Schmaltz, Matt Schmaltz, M. Redding, and Peter Ternes. It seems Peter Ternes did not have as much fun as the rest of the party, because he had to get a tooth extracted, and it really hurt!

The Rainbow Rebekah Lodge report that their supper was very successful, and wish to thank all those who patronized it, or helped in any way to make it a success.

Mrs. Pete Hagel and daughter, Emma, have been visiting relatives and friends around Beiseker. They reside at Kelowna, B.C.

Mrs. Nicky Schmaltz and the children are spending a few days in Calgary with her mother.

Mrs. Frank Schmaltz journeyed to Calgary last Sunday to be God-parent for Mr. and Mrs. Kirkpatrick's baby boy, David Alexander. She says that Christena Velker was anxious to hear all Beiseker happenings that might not have been in the Beiseker Times, because she does enjoy receiving the Beiseker Times each week.

The Ed Hagel family are busy killing and cleaning 1,000 turkeys. The boys report that it is a lot of work, and in a day they can do 80 turkeys.

Carl L. Schmaltz is home for the week-end, and is kept busy every hour of the day while at home. He has two more weeks to complete his course at Tech.

Someone stole Pete Schmaltz's coon coat Saturday evening, and Pete had to borrow another over-

Mrs. Doris Rempel entertained the Bridge Club last week. Plans were made to hold a Christmas party at the home of Mrs. Wald as the final party before Christmas.

## Beiseker Boy Wins Calgary Trip

BEISEKER—Jack Bettin was one of five Country Carriers who won first prize in the Country Carrier Sales Contest, and was given a week-end trip to Calgary.

Rooms and meals were provided for them by the Calgary Herald at the Empress Hotel. Saturday afternoon they were shown through the Herald Building, and were treated to a show. After supper they went to a boxing match at the Victoria pavilion.

Sunday morning they were taken in the Herald car around the city and through St. George's Island to see the flooded area. In the afternoon they enjoyed a hockey game, and that finished the week-end of entertainment.

NEW LEADER of the Ontario Liberal party is W. C. Thomson, elected to that post at a recent convention. He is seen here at his farm in Pickering, where he has retired to map out a political campaign to win Ontario back to the Liberal party

### Honors To Alberta Youth

This week, with our own cartoon, drawn especially for us by Bert Nightingale, young and aspiring Alberta cartoonist, we doff our hats to Ricky Sharpe of Munson and the other 36 junior winners in the spring wheat class.

We are proud of the fact that the top three winners in the list are from areas served by papers published by us. The Starland Reporter serves Munson, home of the champion. Rockyford Review is published for Howard Roppel's home town and the Beiseker Times and Marjorie Leiske have Beiseker in common.

To do honor to all our young friends, here is the complete list of 37 winners, with varieties of wheat shown:

1, Ricky Sharpe, Munson, Marquis; 2, Howard C. Roppel, Rockyford, Marquis; 3, Marjorie Leiske, Beiseker, Marquis; 4, Violet Mohr, Josephburg, Saunders; 5, Phyllis Schuler, Carbon, Thatcher; 6, Arthur Baron, Stony Plain, Saunders; 7, H. Alan Dunsmore, Rockyford, Marquis; 8, Danny McDermid, Drumheller, Marquis; 9, Lloyd Coad, Munson, Marquis; 10, Charles Rhodes, Brant, Saunders; 11, Eugene Luchka, Bon Accord, Saunders; 13, Ronald Stevenson, Delia, Thatcher; 14, Bernard Collin, Warner, Thatcher; 15, Edward Kitz, Warwick, Thatcher; 16, Bruce Hastie, Trochu, Thatcher; 17, Clarence Hennig, Golden Spike, Saunders; 18, Ray Schoeppe, Delia, Thatcher; 19, Henry V. ### What Do You Think?

From time immemorial, health axioms have circulated throughout Alberta and elsewhere and there are those who swear by them, just as they cherish magic formulas to cure many diseases.

Gradually, however, doctors, scientists and better education, are exploding some of these beliefs, although it would not be safe to state that all of them are without value. Just for fun, let's check up on your own ideas. Do you think:

That a persistent cough develops into tuberculosis; that one gets warts from handling toadfrogs, that eating seed-containing fruit causes appendicitis; that you should not go to sleep after eating a big meal; that light hurts your eyes when you have a cold, or that removing a splinter with a pin will cause blood-poisoning?

Now, before reading any further, check upon your opinions. How many of the things listed above fit in with your own belief?

Well, the answer to all of them, according to health authorities, is a vigorous negative!

### Christ Is the Answer

Christ is the answer to all our questions, in our tormented world—to this generation which has become nearly insane through its frustration and suffering. The Word of God tells us that we shall know the truth, and the truth shall make us free. All truth is found in the Lord Christ.

Christ is the answer for all that is wrong in family life where divorce mills grind and where homes die in big houses. When Christ has His way in the home, lawlessness, born of the absence of authority and discipline, departs.

Christ is the answer to all that is wrong in national affairs where men "loose wild tongues that hold not God in awe"—as men forget that "the wicked shall be turned into hell with all the nations that forget God."

## The Hundredth Hour

By RAYMOND ARGYLE

Crucial events in Korea pose the threat of another war. Yet Winston Churchill, one who should know, says war is not by any means inevitable. The following is just a fanciful story of the future. Will anything like it ever really be written?

"Spring came early to Alberta in 1951. I think it was the most welcome spring I'd ever seen. Yet before it was over, plenty of people wished they'd never gone through it.

"Life went along pretty much the same as it always did—except for the cost of living (which seemed to go higher every day), and the gathering clouds of war, threatening to rain down a bedlam of destruction on mankind.

"They finally did.

Raymond Argyle

"I remember the night it all started. Things had been getting worse in Korea, with the Chinese Reds again on the rampage. By the way, did you know that H. G. Wells predicted years ago the Chinese and Americans would end up fighting each other?

"Anyway, things were quiet in the newsroom when our rickety old teletype machine started clacking.

"FLASH—TOKYO SAYS A-BOMB USED ON CHINA REDS. ANY OTHER REPORTS?"

"Next thing we knew, the darn machine just about went to pieces with the copy rattling off it. They'd done it, alright, and not many people blamed MacArthur, either. They dropped an A-bom smack on a North Korean city loaded with Red troops about to shove off for the south. They say 200,000 Reds were in a railway town with a normal population of 10,000. You can imagine what happened.

"Bedlam followed the first flash that the UN forces had used the atom bomb. But I guess our newsroom wasn't the only disorderly spot on the North American continent.

"They dropped it at 10:00 p.m., Tuesday, our time.

"During the next 24 hours the prime minister declared a state of emergency throughout the country. Civil defence plans came out of pigeon-holes, and were put into action in surprising rapidity.

"You might say Canada just about turned into a police state. The RCMP, along with the Army, took over control. General travelling was halted. About 5,000 Communists were rounded up, just as a precaution.

#### Unearthly Quiet

"Then we all settled back, waiting to see what would happen.

"It seemed as if an awful, unearthly quiet settled over the world. The battlefields were silent. The West stood tense, waiting to see what Russia's reaction would be.

"After all, China had launched an undeclared war on the United Nations. Korea was merely the battleground. Would Russia support Chinese Communist aggression to the very end?

"Friday dawned bright and beautiful. Then, 58 hours after MacArthur used the A-bomb, Russian planes were detected winging their way over the Arctic.

"It was dusk when one swept in over Edmonton.

"The bomb landed on McDougall hill, just below the town's leading hotel. It blew the biggest hole in the ground I've ever seen.

"We were fortunate in that the biggest part of the blast was deflected upwards by the contour of the hill, with a lot of it going out harmlessly across the river valley.

"The 150,000 people of the city were ready for it, of course. The basement was the only place you could escape the blast.

"Just the same, it was the most horrible thing I've ever known. It seemed as if Hell itself had exploded.

"The only other place in Alberta that was bombed was Redwater. They got it when an A-bomb hit the main oil storage plant. The idea was to cut off the oil supply and paralyze Canada's fighting machine.

"Meanwhile, North America's terrific fighting machine had gone into action.

"Russia got it before the night was out.

"By Sunday morning we were wondering if Russia had any more A-bombs.

"A hundred hours after they dropped the bomb in Korea, the Atomic war was over.

"But not World War III. Russia's Atomic war plans were completely destroyed in the Allied counter-attack. And the West wasn't using any more A-bombs for just about the same reason. But neither were giving up. There was just one prospect . . . a long, tough, horrible fight."

#### From the Legion

Dear Sir—I wish to convey to you the grateful appreciation of the Canadian Legion, the Poppy Fund committee, and of all veterans, for the splendid publicity you gave to Poppy Day.

May the publication of this letter extend to the citizens of Edmonton and district, who gave in both time and money, our sincere thanks.

#### AN Opinion

Dear Sir—It was with much interest and some amusement that I read a letter entitled "Buck vs. God", and signed "Reader", in your November 17 issue. The inference appears to be that God and Tim Buck are two of a kind and any person may take his choice of which he would have. I would suggest tossing a penny and let that decide the matter, heads or tails.

But I don't think that is just what "Reader" has in mind. He seems to have a god complex of some kind and advises us to study the scriptures to get in touch with the gods. Well that is where I get my idea of the gods, but I arrive at a different conclusion.

"Reader" tells us that "if God in his anger should take away the breath of Mr. Tim Buck, he would drop like a dog and his bones would stink within 24 hours and this is the truth." I gather from that statement that God only takes away the breath of those who do not worship him. Would "Reader" be kind enough to tell us where God was when 58 of his worshippers had their breaths taken away when their plane crashed on a mountain in the Alps on their way home from a celebration in His honor? Incident-

tally, what would "Reader" and his ilk have said if those 58 people had been atheists coming home from an atheistic celebration of some kind?

Now if "Reader" will just stand by his guns we should make quite an interesting discussion of this matter. We will go into the question of "living gods" dead gods, "true scientists," and so forth. But this letter is already long enough.

#### No News

Dear Sir—I have not seen any news from this place in your Lac La Biche Herald for some time. Probably now we will see the news again in your good paper as they are taking water out of the river to make a skating rink so the news will come from it's upper estuaries again. I hope to see this in your paper.

#### Truth Stranger?

Dear Sir—Here's a coincidence for you. I have before me two clippings—one from 'Dick Tracy', showing a child buried but still alive under a load of scrap iron; the other a picture of a Philadelphia baby who was rescued from a junk trailer just before it was to be burned. Truth and fiction, hah?

# Stormy Sessions at Meeting Of Alberta Municipal Districts

Stormy sessions marked last week's annual convention of the Alberta Association of Municipal Districts as 300 delegates from all parts of the province met in Calgary.

Charles P. Hayes of Strome, was elected president of the Association, succeeding J. M. Wheatley of Chancellor. A. B. Haarstad of Bentley, was named vice-president.

C. E. Gerhart, minister of municipal affairs, was the main government representative at the gathering.

He was roundly blasted by delegates over the government's con-

troversial County Act, slated to become law next year.

Only one district, Vulcan, has applied for the establishment of a County, which would amalgamate Municipal Districts and School Divisions.

Mr. Gerhart said there was no compulsion about the transition to the county system. He called the larger county unit 'capably covered by one school superintendent, today's ideal.'

Government spokesmen have described the act as designed particularly to solve problems of municipalities where local governments had gotten into difficulties.

Alleged high prices of gasoline and fuel oil in Alberta were also attacked by delegates to the convention.

Jonathan Wheatley of Chancellor, president of the association, told the meeting "Alberta has been blessed with an abundance of oil but gasoline consumers in

Condition of roads leading into Redwater oil field was rapped at the recent annual meeting of the Alberta Motor Association, Edmonton Branch.

Meeting heard complaints that heavy traffic between Edmonton and Redwater via the St. Paul highway had caused severe strain on road conditions.

A resolution, which urged hard surfacing of the road, was referred to the incoming board of directors.

"It's high time we users of gas and oil got a little relief from the high prices we are paying for these goods," he said.

Among resolutions passed unanimously was one urging provincial government control of rural electric power.

J. E. Brownlee, K.C., gave advice to delegates on the Municipal District Act and told councillors they should pay equal attention to their responsible positions as they would to their own affairs.

He also emphasized the importance of surface water and drainage problems which effect every farmer.

The convention was addressed by Lieut.-Gov. Hon. J. J. Bowlen and Mayor Don McKay of Calgary.

## May Use Deadly Poison Against Coyote Menace

Government officials are exploring plans for using the deadly "ten eighty" poison in fighting the coyote menace in Alberta.

One official said the government is considering sending to Montana for a man who is well trained in the use of the 1080 poison for which there is no antidote. Such a man would train men in the use of the poison in Alberta. It is stated that the poison can only be handled by men equipped with rubber suits and gloves, and it is placed in

the carcasses of dead animals in coyote areas.

A very small amount of the poison which has no taste or smell will kill a coyote or other animal. When an animal is killed by the poison it is necessary to dig up the ground on which the carcass was resting.

## The LIGHTER SIDE

Easy Winner

Needing a new secretary, the firm's manager decided to have applicants judged by a psychologist. Three girls were interviewed together.

"What do two and two make?"

"Four," one answered promptly.

To the same question the second girl replied: "It might be 21."

The third girl answered: "It might be 22 and it might be four."

When the girls had left the room, the psychologist turned triumphantly to the manager.

"There," he said: "that's what psychology does. The first girl said the obvious thing. The second smelled a rat. The third was going to have it both ways. Now, which girl will you have?"

The manager did not hesitate. "I'll have the blond with the blue eyes," he said.

It was World War II. A young soldier who has escaped over the frontier into Switzerland from a prisoner-of-war camp wrote to his father:

"Hope to return home soon, so kill the fatted calf. Is there anything you would like me to bring?"

### LETTER TO LOUISA

## Mother's Objections Mar Young Couple's Love

DEAR LOUISA: About two months ago I was working quite some distance from my home where I met a boy and learned to love him very much.

He also is wild about me and since I am only seventeen my mother made me come home.

This broke him down very much. All his letters and his sister's letters tell me how unhappy he is.

My mother is deadly against him and has tried in all ways to break us up. He knows all this but still says that it will never make any difference between us.

Somewhat I feel that he'll soon get fed up and we'll part. On the other hand I keep thinking I'll never be able to face him if we don't part. Can you suggest anything to help me?

MICKEY.

Answer:

Your problem is certainly a difficult one, and as there is nothing that can break up a young love as quick as a mother's objections.

Your mother probably feels she is acting in your best interests, but if you truly love this boy, I would advise you to disregard her objections.

I would add but one note of caution. You are very young, and should be in no hurry about selecting your mate for life.

If this boy really loves you, he will be willing to wait until you're a little older before you both make a definite decision.

Perhaps by then, when your mother sees that you're going ahead (if you do) with your plans in a sensible way, she will drop her objections to your young man.

LOUISA.

# Panoramic View of Alberta is Uncovered By Camera's Eye in City, Town & Country

The travelling camera's eye uncovers a wealth of beauty throughout Alberta, be it focussed on city, town or country, on industry, traffic or farm. For Alberta has incomparable beauty in its everyday life.

The scenes on this page, taken by a staff photographer, present as varied and graphic a study of Alberta as one could find.

The first picture, at top right, shows a typical prairie scene, and was taken near Waskatenau.

In sharp contrast, the picture below captures the breadth and greatness of Alberta's foothills city, Calgary.

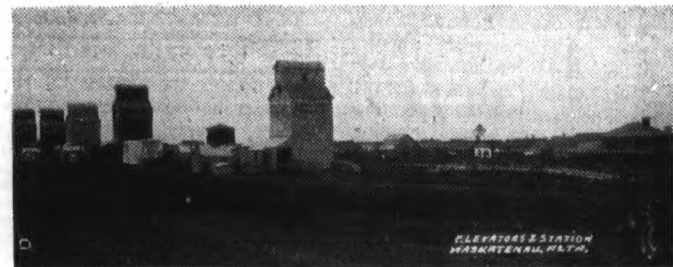

At bottom is a winter scene of Alberta's most important structure, the parliament buildings.

At bottom right is a quiet

country church, and just above it is an oil well gone berserk. Above that is a busy, humming traffic scene of Edmonton, and at top left is another quiet country scene, taken near Sangudo.

## Mr., Mrs. Harnack Mark Anniversary

**CROSSFIELD**—Mr. and Mrs. J. B. Harnack celebrated their 35th wedding anniversary as guests in the J. B. Cissel home for supper. On their return home, thirty-five couples greeted them in a surprise party, all of whom were friends and neighbors. The evening's festivities commenced by playing games and Canasta. At midnight a delicious lunch was served, consisting of a large anniversary cake and many other delectable tid-bits. Following this repast, a lovely chest of Wm. Rogers silverware was presented to the honored couple on behalf of those present, which marked the esteem in which they are held. Mr. and Mrs. Harnack suitably voiced their thanks. The evening was brought to a close with the singing of that old favorite, "For They Are Jolly Good Fellows." Mr. and Mrs. Harnack sincerely thanked their friends for this wonderful occasion.

Canada Carries On, The National Film Board's most successful documentary series, is now in its 11th year of production.

## Government Business Is Your Business

Your right to know is the door to a better economic, social and cultural life; and education is the key to that door.

It is the function of the Department of Education to keep abreast of modern trends in education, discarding impractical or outdated methods and ideas, in favor of standards and achievements to enable young people to take their place in society, confident in their own abilities and able through training to attain their goal.

Activities of the Department of Education include: development, operation or supervision of:

**SCHOOL DIVISIONS:** Large school divisions have been organized for efficiency of operation, to provide pupils with better facilities and to promote uniformity of opportunity for all. To each is appointed a superintendent to assist and advise trustees and teachers.

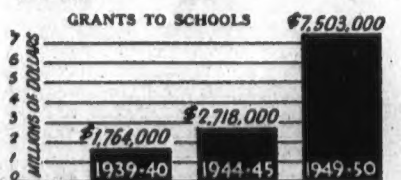

**TEACHER TRAINING:** Teachers are trained at the University of Alberta. A Board of Teacher Education and Certification advises the University and the Minister. Teacher qualifications have been substantially raised in recent years. To assist school boards in the establishment of a Teacher Retirement Fund substantial contributions are made amounting in 1950-51 to \$550,000.

**AUDIO-VISUAL AIDS:** This branch of the Department has built up a large library of sound films, silent films, filmstrips and slides available for classroom use, free. These cover a variety of topics in the Alberta School Curriculum. Circulation last school year exceeded 22,000 items, chiefly films.

**CORRESPONDENCE SCHOOL BRANCH:** This branch takes education to children in remote areas and those physically unable to attend regular schools. It also serves schools without teachers, and adults seeking self-improvement. Courses include full academic subjects, business law, bookkeeping and shorthand.

**SPECIAL EDUCATIONAL SERVICES:** Deaf and blind children are educated in special schools substantially free of charge. Special classrooms for children with defective vision, impaired hearing and other handicaps are generously supported. The Department also operates the Institute of Technology and Art in Calgary, the Nurses' Aides School, the Health and Recreation Program, and various projects under Canadian Vocational Training.

**SCHOOL BOOK BRANCH:** During its period of operation this branch has distributed over six million school books, either free or at a minimum cost.

**AVERAGE SALARY OF TEACHERS EMPLOYED BY SCHOOL DIVISIONS:** 1939—\$812; 1949—\$2127.

**COST OF PUBLIC SCHOOL EDUCATION PER CHILD:** 1939—\$59; 1949—\$143.

## School Division Costs Rising In Alberta

KILLAM.—At the annual meeting of the electors of the Killam School Division, held recently here, Secretary H. T. H. Roberts reported rising costs of education, due to increases in teachers' salaries, van contracts, pupil supplies, and a decrease of about \$30,000 in government grants to the division.

He also pointed out that the division has purchased a commercial garage not in the budget, at a cost of \$17,000, but this amount is partially offset by the sale of some buildings no longer

needed for over \$6,000. Mr. Roberts announced that seven divisional and 21 contract buses are now transporting about 600 children from 45 districts to central schools. The purchase of new school desks and typewriters was also mentioned, and the recent de-benture by-law to borrow \$200,000 for new school buildings.

General discussion among the electors resulted in the approval of two resolutions: the first, that no high school students be charged for transportation on school or contract buses, and another, that no more rural schools be closed for centralization without the approval of the electors of the district concerned.

At 4 p.m. the meeting chairman, Mr. S. Lutz, Daysland, announced that the retiring board chairman, J. W. Bateman, of Alliance, was elected by acclamation for a further three-year term. For the seat in the Daysland sub-division the sitting trustee, Mr. W. E. Campbell, will contest the election with Mr. C. E. Berry, both of Daysland. Votes will be cast on January 13 next.

## RCMP Again in New York Horse Show

Complete with pomp and ceremony, the 67th edition of the National Horse Show opened its eight-day stand at Madison Square Garden, New York, with the R.C.M.P. occupying the centre of the arena. This is a general view of the parade of international teams representing Britain, Canada, Chile, Ireland, Mexico and the United States.

## SLIDE CAUSES POWER SHORTAGE

A land slide at Calgary Power's Spray Lakes power plant, in the Rockies near Banff, will delay opening of the new 62,000 horse power plant.

Calgary Power requests consumers throughout Alberta to cut down on the use of electricity between 4:30 and 6:30 every evening. Consumers are asked to restrict the use of unneeded lights, electric heaters, irons, toasters and other appliances between those hours.

Every effort is being made to open the new project as soon as possible.

## Rural Towns Pose Challenge to Doctors

The rural community is a challenge to public-spirited doctors, declared Dr. S. E. McDowell, of Shawville, in addressing the first annual meeting of the Gatineau Co-operative Medical Service, held recently at Wakefield, Quebec.

"The mental health of a community is probably more important than organic disease, but physicians are loathe to admit that most patients need friendly counsel, not pills or operations," continued Dr. McDowell.

"The doctor," he said, "who is

part of his community gets the most out of life and puts the most into his practice. I know no doctor who has starved in the process."

Dr. McDowell outlined the growth of the Shawville Community Hospital from a rented house to a modern 100-bed hospital within a few years. He could see no reason why Gatineau district could not do the same.

**LEVEL LAND NEWS**

Mr. and Mrs. Henry Stern were visiting in Edmonton over the week-end.

Misses Helen and Doreen Weick were visiting at the home of their sister Mrs. Alton Suelzle over the week-end.

James Suelzle is now playing the big bass horn in the Level Land band.

The Acme Dorcas Society sale was a real success. Around \$360 for goods that were auctioned off was taken in. For being only a small company it is remarkable what they have done. Over 700 hours of work were put in during the year by this society. Parcels were sent overseas including quilts and all kinds of clothing. John Luske of the Level Land district, was the auctioneer.

Christ Roth and Mr. and Mrs. Harvey Patzer went for a trip to California and other places on Friday. Mrs. Patzer is better known as Melvina Roth, daughter of Mr. Roth.

Films were shown at the SDA hall Dec. 2. In spite of the cold weather a good crowd turned out and everyone enjoyed the six films that were shown.

Quite a few from the Level Land district took in the Acme Dorcas Society sale at the Acme

Memorial hall which was held last Tuesday, Nov. 28.

Regie Huether from the Belcher hospital was visiting with his parents, Mr. and Mrs. Sam Heuther over the week-end.

**Last Rites For Margaret Ginger**

**LEVEL LAND.**—The funeral of Margaret Ginger was held at the Seventh Day Adventist church east of Beiseker on Wednesday the 29th at 2 p.m.

Mrs. Ginger was born in Russia July 15, 1880 and died Nov. 26.

In 1905 she was united in holy wedlock with Fred Tetz, who died March 15, 1938.

They lived many years a few miles south of Grainger. In the year 1938 she was united to Paul Ginger and lived in the same district up to her death.

She leaves to mourn her husband and 11 step-children.

Two of her step-children are living in the Level Land district,

Mrs. John Graba and Mr. Charlie Tetz.

Pastor A. Striefling of Calgary conducted the funeral service. In charge of funeral arrangements was W. O. Patton of Three Hills.

**The Letter 'E'**

The most unfortunate letter in the alphabet, some say, is the letter "e," because it's always out of "cash," forever in "debt" and never out of "danger."

That's all true. Still it's never in "war," always in "peace," and always in something to "eat."

It is the beginning of "existence," the beginning of "ease," and the end of "trouble."

Without it there could be no "life," no "heaven."

It is the centre of "honesty," and is always in "love."

It is the beginning of "encouragement" and "endeavor" and the end of "failure."
